Biometrics Organizations Innovate with IEEE Information

Whether you're developing applications for criminal, citizen, or consumer identification, military operations, or computer network and internet security, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE Xplore® digital library, you'll find the journal articles and conference proceedings needed to lead biometrics innovation—and boost your company's bottom line.

IEEE Information Drives Technology Patents

Today's biometrics corporations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Patent references to IEEE papers have increased 864% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited nearly 3 times more often than any other scholarly or commercial publisher.**

Patent References from the Top 5 Publishers

IEEE is cited nearly
3x more often than
our closest competitor

Essential IEEE Content in Biometrics Technology

IEEE content remains crucial to the biometrics industry—providing research in a wide variety of topics through the IEEE Xplore digital library.

Face/Iris Identification	40,700+ documents
Gait/Gesture Recognition	24,600+ documents
Speech/Voice Recognition	87,000+ documents
Handwriting/Signature/Character Recognition	57,600+ documents
Video Coding	31,100+ documents
Information Forensics and Security	34,500+ documents
Biometrics/Biometry/Bioinformatics	49,900+ documents
Data Mining	115,200+ documents
Systems Biology	3,100+ documents
DNA	13,600+ documents

Counts are accurate as of November 2021

The IEEE Xplore® Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE Xplore digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE Xplore delivers:

- The world's most highly cited journals in technology
- More than 5 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Abstract/citation and bibliographic records for subscribed content
- Daily content updates with up to 200,000 articles added each year
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Biometrics Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from conferences to eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

- IEEE Transactions on Cybernetics*—#2 in Computer Science, Cybernetics; #2 in Automation and Control
- Proceedings of the IEEE*
- IEEE Transactions on Information Forensics and Security*
- IEEE Internet Computing Magazine*
- IEEE Transactions on Pattern Analysis and Machine Intelligence*—#1 in Computer Science, Artificial Intelligence; #2 in Electrical & Electronic Engineering
- IEEE Security & Privacy Magazine*

Source: 2020 Journal Citation Reports, (Clarivate Analytics, 2021)

Conferences

- IEEE International Conference on Biometrics: Identity and Security
- IEEE International Conference on Biometrics: Theory, Applications, and Systems
- IEEE Workshop on Biometric Measurements and Systems for Security and Medical Applications
- International Conference on Bio-Inspired Systems and Signal Processing
- International Conference on Information Assurance and Security
- International Symposium on Biometrics and Security Technologies
